- **Available balance:** The most current picture of funds you have available for withdrawal. It reflects the latest balance based on transactions recorded to your account today including deposited funds, paid checks, withdrawals and point-of-sale purchases. (Please note that some transaction activity may not be immediately recorded to your account and will then not be reflected in the available balance. The first \$100 of ATM deposits will be included the same day in your available balance; the remaining funds will be added as items are processed and any holds are removed. Availability of branch deposits may vary; complete details on funds availability are reflected in our Funds Availability Policy).
- **Interest earned this period:** Interest that has been accrued but has not yet been paid to your account during your current statement cycle. *(For interest bearing accounts only.)*
- **Interest year-to-date:** The total interest that has been paid to your account from January 1st through the end of your last statement cycle. *(For interest bearing accounts only.)*
